

# The Doctrine of Vocation

**What:** A three lesson study on this important doctrine, vital to our understanding of how we Christians live out our faith through our vocations. This is how God uses us to serve His people according to His design for life. We serve our neighbors with love and mercy, acting as “Masks of God.”

Two additional lessons will be added in the future, one on Vocation in the Church and one on Vocation in Society

**What will you receive?** This Bible study provides the Scriptural background and insight for understanding how the Doctrine of Vocation properly separates the roles for the Christian in their life in the Two Kingdoms. Provided lessons include Vocation Overview, the Estate of the Family and a Vocation Workshop. All are PowerPoint lessons and can provide instruction for four to five 1-hour lessons.

Pricing for this study is \$10.00, plus \$3.00 for shipping. Lessons are contained on one CD.
